

BYETHORNE Sconce

The Byethorne lighting range is our first lighting collection and draws on the beautiful clean lines of the Byethorne handle detail that this collection is known for. The simplistic metal forms are accentuated with the elegant metal detailing which is contrasted with a combination of white onyx, handcrafted or bubbled glass. The play on the contrast of materials and textures provides interest and depth to these lights.

LAMP

6W/M 24v 3000K LED

FBC London products are fabricated to the highest quality. The majority of finishes are made and finished by hand and thus some variation is to be expected. FBC London works closely with our fabricators to assure all the finishes are to our typical high standards and closely align to FBC master references. With finishes of natural material such as wood and stone inherent disparities in colour and grain pattern because of variations caused by nature, over which FBC London has no control. FBC London cannot guarantee exact colour, grain, or texture of wood or stone but will work closely with you as our client to highlight this where necessary.
