GIOTTO WALL SCONCE

DESCRIPTION

Inspired by the cosmos, the Giotto series is an other-worldly modular pendant, sconce, or statement chandelier. Materials, shapes, and finishes come together harmoniously in this updated interpretation of a mid-century classic. Tapered wooden arms cradle thick-walled, hand-blown glass globes which provide a noticeable and striking visual weight to the piece. Giotto's eye-catching design and rich finishes form a bridge between the ethereal and material realms of the spaces you create.

YEAR OF DESIGN
